## SCHOOL FURNISH LUNCHES

It is a policy of the Coffee County Board of Education to provide lunches free or at a reduced price to those children determined by the local School Principals to be unable to pay the full price for their lunches. The policy provides that an application form be completed and returned to the school. Copies of this form have been sent home in a letter to parents and additional copies may be obtained at the principal's office in each school. The form itself is simple to complete and requests information needed to determine economic need based on the gross family income and number of persons in the family, number of children in school or service institutions and any unusual circumstances or hardships which effect the family's ability to pay for school lunches. The information provided on the application will be confidential and will be used change at the party and only for the purpose of determining eligibility for free and reduced priced lunches.

### SAFETY

Play fair with little children; get ride of the "reachables" that may cause accidents in your home.

There are many things that shouldn't be accessible to children. For example, for one thing, left on the kitchen window-sill, placed a top bureau, carried in a pocketbook, left on a low table or stored with food in the refrigerator or pantry.

Cleaners, polishes, chemicals and flammable liquids become reachable to toddlers when they are placed on a washing machine, on the bottom shelf of a cabinet, on the dining table or on the floor while mom goes to answer the telephone or door.

Boiling water becomes reachable to little hands when children are permitted to play near the stove while meals are being prepared. Burns can happen when pot handles stick out over the edge of the stove.

Get rid of the "reachables" in your home, and you may discover that your children are less accident-prone than you thought.

CRANBERRIES  
Cranberries are one of our favorite holiday foods. For example, that chilled cranberry juice can serve as an appetizer for the first course meal or as a refreshment.

For a special breakfast, I'd like to suggest adding chopped cranberries to your favorite muffin recipe or breakfast bread.

Cranberries are a popular side dish to serve with meat or poultry. Either the plain sauce with the cranberries left whole or the jellied sauce that has been strained adds a festive touch to any meal.

TRANSPLANTING  
Gardeners should take certain precautions to insure success when transplanting shrubs this fall. Transplanting refers to lifting plants and re-planting them elsewhere.

Normally, during this operation portions of the plants roots are destroyed. And serious harm usually results if too many of the roots are destroyed in relation to the amount of leaves the plant is carrying.

To guard against this, transplant shrubs while they are dormant. Thus, fall and early spring are the best seasons for moving shrubs from one location to another.

When transplanting, save as many of the roots as possible and see that they don't become dry at any time.

## Azalea Garden Club Holds Its Tenth Annual Pre-Holiday Luncheon

The Azalea Garden Club was entertained for its tenth annual pre-holiday luncheon on Wednesday, November 18th, at the Elba Country Club.

Mrs. J. M. Kimmey, Mrs. Bob Cannon, Mrs. Drexel Cook, and Mrs. C. E. Dorsey, Jr., served as hostesses.

The members with their guests assembled in the spacious main reception room and were seated at an E-shaped table attractively decorated in the Thanksgiving theme.

The guest table was centered with a silver urn filled with daisy chrysanthemums clustered in a bed of soft greenery and from this center lovely pink and white camellias were placed at intervals the full length of the middle table forming the "12".

Mrs. Oliver Williams, president, welcomed the guests and presented Mrs. Price Ringo who gave as the invocation a "Thanksgiving Prayer."

A delicious luncheon menu consisting of traditional Thanksgiving dishes were served.

Following the meal, Mrs. J. M. Kimmey introduced Mrs. Fred Cramton, the guest speaker, who gave a most interesting and informative program on "Holiday Decorations" with emphasis on the Christmas Season.

She displayed numerous lovely floral decorations, tables, and other places in the home and covered her remarks with helpful suggestions and demonstrations as "Making one's own materials and designs." How to put things together, and "How to preserve and freshen decorations to be used another year."

The only items of business were: Announcement of the Nielsen Company Dried Flower Show to be held in Evergreen, and the

FOOD SHOPPING  
Food stores are a jungle to some shoppers. They look for a way through once or twice a week and have a miserable time doing so. Other shoppers look forward to the shopping trip and enjoy the experience.

Oddly enough, the shopper who hates shopping often takes the longest time, has no shopping list and ends up with the most impulsive purchases.

Let me remind you that good planning makes the difference in these two shoppers. A shopping list arranged in the order that the foods appear in the store is a helper. And if you know what you need and where to find it, you won't waste your shopping time.

Oh, by the way, Elba ended its football season in the way they were capable of playing all ten games. They won decisively and no one could argue with that score. There was at least one other game played last weekend that was of interest to Elba folks. The score in that game was 35-28. That is a rather emotional issue with many, therefore, I consider the issue closed for another year.

The fruitless efforts of American soldiers to free their fellowmen who are in North Vietnam POW camps is to be commended. I surely do not understand all the political maneuvering of this unpopular war but if everyone must be classed hawk or dove, I choose to be in the hawk class.

It apparently means a new wind is blowing in Alabama politics when politicians decline to attend a Ku Klux Klan meeting and those who attend won't comment nor even acknowledge that they attend.

J. Edgar Hoover, director of the Federal Bureau of Investigation, has been getting into more and more trouble now for several years. It seems to me that he is varying from the traditional close mouth tactics of the FBI to a verbal attack on those he can't get enough evidence on to convict in court. This brings to my mind a question of his ability to keep the job. I have long admired him and his success with the FBI but lately I question the actions of presidents who keep waving his mandatory retirement from this highly sensitive job.

## BRAINSTORMS

With Fern Cox

Well, we have our dummies in Elba, too. The not so cute note thrown into the school Monday night varied that. It is disgraceful that people are so uncivilized that they will do such things and surprising that someone in Elba could give it even more than a passing thought. We supposedly do not live in the jungles of the big city, but to some of our citizens (no not citizens, but residents) apparently the jungle way of life is best. The warped mind that yelled wolf with the bomb note needs a doctor and not the snatching-in-a-knot, that was my first impulse. He or she would not understand things even as half way normals understand. Nor would they comprehend the trust we have in society helping us maintain the principals necessary for survival of civilization as we know it today.

FOOTBALL FANS KNOW WHAT THIS MEANS. This wreath was placed at the door of a local law office last Saturday night. It was obviously placed by Auburn fans who were relieved that Auburn came from a 17-0 deficit to defeat Alabama for the second year in a row. This newspaper was notified of the event late Saturday night and told only that "If we went to (named lawyer's office) in fifteen minutes we could get a good picture." The caller didn't give his name, but as with many such calls it was not necessary as he well knew. If there is anyone who doesn't yet know where the wreath was placed, ask Attorneys Robert Cannon or Terry Butts. More than likely they both saw it while going to work or to church Sunday!

That there is a new girl in the 9th grade.

That some of the Intermediate band members were coming up to the Marching Band.

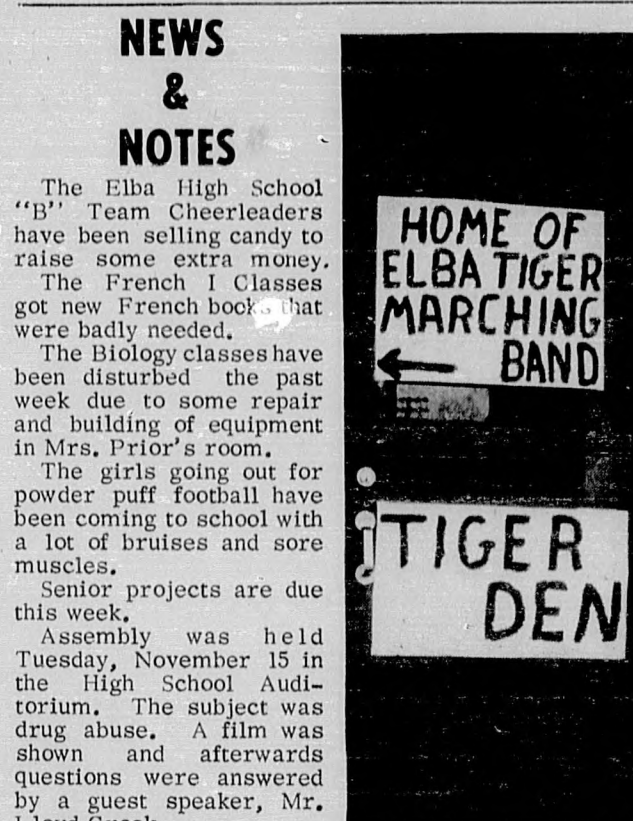

That all science projects are due December 14 for Mrs. Prior.

That Mr. Hammonds class experiment didn't turn out so well.

## Truant Officer Spices Up Elba High School

EHS has done a lot this year to improve the school system, but I think they just blew it. Ha, just kidding. But a little spice has been added to the curriculum. Would you believe a truant officer? Yes, Mr. Paul Hudson will be roaming the streets looking for those who like to do a little skipping school. If Mr. Hudson carries out his job anything like his wife, Mrs. Jean Hudson teaches her history class, he's really going to keep things jumping. Watch it friends, he sure is big.

THE FIFTY-VOICED YOUTH CHOIR from the Elba First Baptist Church presented a musical to E.H.S. students during the Wednesday morning, November 25th, chapel program. They are under the direction of Robert S. Holliman, Minister of Music.

## Senior Of The Week Denny Bruce

We are proud to present to you, Denny Bruce, chosen as "Senior of the Week" by the Elba High School student body Tuesday, November 24, 1970. Denny has been a loyal student at Elba High for the past 11 years and is now trying to conquer Mrs. Butts English class and the 12th grade.

Denny's favorite interest is in football and basketball. In Denny's 12 years at EHS, he has been a part of the Elba High Tigers as a defensive tackle for the past 2 years. He has also been a part of the varsity basketball team and has hope of returning again this year, but as of now he is still undecided. Denny's favorite hobby is playing checkers.

Denny's favorite teacher is Mr. Clark and as you can gather his favorite subject is Democracy, of course. Denny is in the E Club and is on the Elba annual staff. Denny thinks that school could be a better place if there was more school spirit and thinks that by having more cheerleaders this could contribute to more school spirit. Denny is still undecided about his future after school as of right now. He has still yet to finish the 12th grade.

Denny thinks that the quality of a girl is that she should be sincere and very congenial.

Denny's pet peeve is when a person spits when talking to him, so if you are one of these people, be careful while you talk to him.

His parents are Mr. and Mrs. Bill Bruce. He lives on North Addison Street, here in Elba. Congratulations Denny.

## THE BLUEBIRD

I was walking through the woods, And what did I see But a pretty bluebird, Perched in a tree.

I called to him, And he sang to me As he flew down From the huge birch tree.

He flew on the breeze And perched on my arm, For he knew that I would do him no harm. As I turned to leave, He called to me, Come again someday When you are free. Freddie Moore.

## Monday "Mail It Day"

Roy Shoffner, Coffee County Christmas Seal Chairman, in an effort to encourage all county residents to answer their Christmas Seal letter, has designated Monday, December 7 as "MAIL IT DAY."

Mr. Shoffner, said that Christmas Seals are the sole support of the Coffee County Tuberculosis Association. These funds are used by the Association to conduct its program activities in the fight against tuberculosis, other respiratory diseases, air pollution and cigarette smoking.

"I know," said Mr. Shoffner, "that many people, caught up in the hustle and bustle of the holiday season, forget to answer their Christmas Seal letter. I hope that 'MAIL IT DAY' will serve as a gentle reminder that the fine work carried on by our Association depends on all of us."

A contribution to the Tuberculosis Association is a contribution to help improve the health of the entire county," Mr. Shoffner added. "We must have the support of all the people if we are to eventually eradicate tuberculosis and control other respiratory diseases. If you haven't joined this worthwhile cause, I sincerely urge you to do so now."
